New Addition of Traveler 6000

Traveler 6000 Classic

Genius
Live with Ideas

Adding a new design to the Genius Traveler 6000 family - the Traveler 6000 Classic has a unique cover in a fancy pattern.

Powered with a 1200 dpi engine, Traveler 6000 Classic provides great cursor movement control for browsing documents or Internet pages. The 2.4GHz auto frequency hopping design reduces power consumption, and the Pico receiver is small to avoid any accidental damage.
